

BD Native Dressage Championships 2017

Following on from the over whelming success of the BD Native Dressage championships 2016, we are running the series again in 2017, with some amendments and sponsorship from Allen & Page. This will culminate in the championships at Vale View; Leicestershire on the 28 September – 1 October 2017.

Attached is the information sheet for this. Please feel free to circulate this round to your members. We have already had a number of people contact me to notify me of their qualification!

We hope that your members will find this an opportunity to get involved in British Dressage. If any of you feel that you would like to award a “Highest Placed” rosette for your breed society within the championships per class, this was really well received by the breed societies who chose to do this in 2016.

In 2017 there are 7 Full-bred classes and 7 Part-bred classes. (Intro – PSG)

We would also like to offer you the opportunity to recognise the “Highest Placed” for your breed within our grassroots Quest Championships which run Intro – Novice in both Team and Individual (6 rosettes).

Should you feel you would like to do this for either championships please do not hesitate to contact me and we will ensure that this is taken into account on the entry form.

Karen Beaumont (Fixtures Officer)
