

**FUTURITY SCHEME
AUTUMN COLT FOAL ASSESSMENT
SATURDAY 24 SEPTEMBER 2016
BEAULIEU ROAD**

The aim of this event is to identify colts of likely stallion material with diverse bloodlines, for the preservation, health and diversity of the breed.

All colt foals, both Stud and Forest-bred are welcome at this Open Evaluation.

Colts can be brought with the mares, or on their own.

Colts must be halter broken.

Premiums of £100 are available for up to 12 colts, payable after they have been presented at the 2016 Spring Yearling Assessment.

Owners will have to apply for registration, prior to entry, but other than that, no other entry paperwork is required – just notify the office that you would like to bring a colt.

This event is combined with the Mare Grading, so you can get them graded at the same event.

Closing date for entries: Friday 16 September 2016
