This form is to be used to apply for an identity passport for an equine of unverified breeding and/or age. If it already has, or is eligible for, stud book documentation the relevant breed society should be contacted. **It particularly must not be used where the equine is eligible for New Forest Stud Book documentation, as the passport states the breeding is unknown. Should a registered or eligible New Forest mare hold one of these passports her progeny will be deemed ineligible for registration.**

All applications must be correctly completed, signed and accompanied by the original identification chart overleaf which has been verified by a Veterinary Surgeon.

Any prefix or suffix within the name of the equine should only be used by the breeder and must have been registered with the Central Prefix Register.

If you would like receipt of application acknowledged, please enclose a stamped, self-addressed envelope.

The NFPB&CS accepts no responsibility for documents lost or damaged in the post.

For further information and guidance, including the GDPR statement, please refer to the document 'Registration Guidance and Fees for 2024 foals'.

This form and correct fee should be returned to:
